

Grupo Energia de Bogota drives investors in the region

Bogota D.C., January 11, 2017. Grupo Energia de Bogota (GEB) will feature as a corporate partner in the 6th edition of *Bonds, Loans & Derivatives Andes*, a prestigious event designed to gather issuers and borrowers to drive the debt markets in Colombia and Peru. The event will be held on February 28 - March 1, 2017 at the JW Marriott Hotel in the city of Bogota.

In the face of the uncertainty surrounding the world economy, the investment potential in the Andean debt market has been subject to positive scrutiny on behalf of investors that seek to be well-positioned for the industry's acceleration forecasted for 2017, in which *Bonds, Loans & Derivatives Andes* will play a crucial role in mapping out this economic territory.

The conference is the only pan-Andean debt event that gathers local and international banks, borrowers, issuers, investors and financial service providers of the entire Andean region. Sixty speakers have been invited to share ideas and expert opinion on the current state of the industry and the main opportunities available for 2017.

In this event, GEB will be featuring as a corporate partner, as well as ISA and Grupo Argos. Whereas the National Agency for Infrastructure (ANI in Spanish) will feature as Strategic Partner.

The event organized by GFC Media Group, which expects more than 380 attendees, is also an excellent scenario to establish contacts within the sector, an example of this is Carlos Vargas' testimonial from Andino Investment Holding, who highlighted the following when referring to the 2016 edition: *"The event in Bogota was excellent in terms of organization, content and topics of discussions. I was able to further understand the situation of our markets and have an excellent perspective for the next year. The interaction and discussion available gave me the opportunity to review Andino's financing strategy in the short term as well as a better long term view."*
