

## Grupo Energía Bogotá receives 2018 Best Andean Syndicated Credit Award

- *The award was given during the Bonds, Loans and Derivatives event, which gathers the main financial entities, investment banks and company CFOs to share good practices and keep up to date with international trends.*

**Bogota D.C., April 26, 2019.** Grupo Energía Bogotá received the Bonds and Loans award for the category of 2018 Best Andean Syndicated Credit after achieving favorable refinancing conditions that allowed the Group to greatly reduce financing costs.

The Bonds and Loans award was given by GFC Media Group, a comprehensive financial market analysis platform which serves as a reference of specialized information regarding emerging markets in Latin America and the world.

The distinction aims to celebrate companies with outstanding achievements in Latin America and the Caribbean during 2018. Over 200 initiatives were nominated for review and analysis by the publication's editorial team.

For Astrid Álvarez, CEO of Grupo Energía Bogotá, *"this award is a testament of the great work we have carried out at GEB in our pursuit to implement the best international standards that help us achieve better and better results."*

### About Grupo Energía Bogotá

With over 120 years of operations, Grupo Energía Bogotá (GEB) is a leading business group in the areas of electric power transmission and natural gas transport and distribution in Colombia, Peru, Brazil and Guatemala. In Colombia, it develops electric power projects through its Transmission Business. With TGI, it is currently at number 1 in natural gas transportation with over 4,000 Km in pipelines across the territory. GEB also possesses a market share in Codensa, Emgesa, Vanti and Emsa. In Peru, it stands as number 1 in natural gas distribution with its companies, Cálidda and Contugas. With ISA REP and ISA Transmantaro, where it owns a 40% share, it leads the field of electric power transmission. In Brazil, with Gebbras, it is partnered with Furnas and owns 1,100 Km in transmission lines. In Guatemala, it stands at number 1 in electric power transmission with Trecca and Eebis.
