PRESS RELEASE

EEB analyzes participation in the selling process of Isagen

Bogotá D.C., May 27, 2014. Empresa de Energía de Bogotá (EEB) holding company of Grupo de Energía de Bogotá, confirms that it is working with its legal team in analyzing the resolution issued by the Superintendence of Industry and Commerce (SIC), which put conditioning participation of the company in the sale of 57.61% stake the National Government has in Isagen.

EEB declares that remains committed to the energy development in Colombia to ensure reliability of energy services across the country for the benefit of users and therefore warns that defends their rights and will use legal mechanisms provided for that purpose.
